

Rate & Break-Even Worksheet

What one child actually nets you

PROGRAM

MONTH

THE MATH	AMOUNT
Full-time weekly rate	
× weeks per month	
= Tuition per child / month	
– Food, supplies & activities	
= NET PER CHILD	
Fixed costs ÷ net per child	
= BREAK-EVEN CHILDREN	

LICENSED CAPACITY

ENROLLED NOW

= EMPTY SPOTS × NET

BEFORE YOU SET NEXT YEAR'S RATE

- Your fixed costs run at eleven children and at six. Only enrolment changes.
- An empty spot is not a light day — it is the most expensive thing in the program.
- Raise the rate for new families first. Give current families notice, not a discount.
